I KNOW ONE THING

If I were a woman, I wouldn't swelter
over a hot stove making bread, cakes
and cookies. I'd just call up Bendict's
store, and give him my order. Johnny
Gill's "Splendid" bread and "Berwick"
10 cent cakes are sure good.

Try Them.

COLLEGE NEXT WEEK.

Prospects for Prosperous Year. Additions to Faculty and Buildings.

Middlebury College will begin its 116th
year Thursday, September 23rd. The
opening exercises will be held in the
McCullough Gymnasium at 8:45 a. m.
The college will be present in a body,
the students sitting by classes, and the
public are invited. The opening address
will be made by President Thomas. The
first recitation will be held at 10:30 a. m.
that morning.

The faculty has been increased and
several changes have been made. Pro-
fessor Frank E. Howard, a graduate of
Clark University and recently of
Nebraska Wesleyan University, will
join Doctor Collins and Professor
McFarland in the department of Ped-
agogy. Dr. Howard's specialty is edu-
cational psychology. Professor Charles
St. Clair Wade will give courses in
romance languages, taking the inter-
mediate work in French and introducing
courses in Spanish. Professor Wade
comes from Tufts College. In Chemis-
try Mr. Arthur R. Davis, a graduate of
Wesleyan University, will assist Pro-
fessors MacGilton and Voter. In three
departments, English, Chemistry, and
Pedagogy, Middlebury now has three
instructors.

In addition to the three new instruct-
ors, there are four changes in positions;
Miss Ross succeeding Miss Throop as
Dean of Women, Miss Graham taking
the place of Miss Spaulding in Home
Economics, Mr. E. N. Holmes of the
Springfield Training School having
charge of the department of Physical
Education in place of Mr. Fisher, and
Mr. Luther I. Bonney joining the de-
partment of Mathematics in place of
Professor Cresce. The schedule which
will be submitted to the students on
Monday will be the largest ever offered
in Middlebury College.

While the formal opening will not
take place until Thursday, the college
will be a busy place from Monday on.
The faculty hold the first meeting of
the year Monday evening at 7:30. Every
student is required to register for
the year and the Registrars' office
will be open for this purpose Monday
morning. The advisers meet Monday
afternoon and each day thereafter both
morning and afternoon. Mr. J. A.
Fletcher, treasurer, will establish his
office in Warner Hall for the con-
venience of the students.

Hillside Cottage is already occupied
with Seniors who are teaching in the
High school and Hamlin Commons is
also open. Starr and Painter Halls
will be open tomorrow and Pearsons
and Battell Cottage next Tuesday.

In accordance with the tradition es-
tablished by Professor Howard, no fig-
ures are given out as to the size of the
incoming class, but it is evident that
the authorities are preparing for an in-
creased enrollment. An unusual num-
ber of students are expected to join the
upper classes and the prospect is that
fewer old students will drop out than in
some recent years.

Besides the new chapel and Hepburn
Hall under course of construction, the
most considerable addition to the plant
during the summer has been the com-
pletion of the new grand stand. Dress-
ing rooms and shower baths have been
installed and will be of great conve-
nience during the football season.

NEW TRAINING TEACHER.

Miss Alice Freeman has been engaged
to carry on the work of teacher train-
ing in the Middlebury High school dur-
ing the fall term, owing to the illness
of Miss Clark. Miss Freeman has had
wide experience in this work. She is a
graduate of the Normal school of Nova
Scotia and has done special work at the
MacDonald College at Guelph, Ont.
There are at present 11 members in the
teacher training class.

INSTANTLY KILLED AT PITTSFORD.

Ernest E. Lessor of Pittsford, son of
Henry Lessor of Rutland, was instantly
killed Monday night near the Pittsford
station. It is thought he was struck
by one of the morning sleepers as his
mangled body was found early Tuesday
morning by the stage driver from Pitts-
ford Mills. Mr. Lessor was 47 years of
age and conducted a barber shop in
Pittsford. He is survived by his father
and a sister, Mrs. H. J. Griswold.
The funeral was held in Brandon Wed-
nesday.

GOES TO DEFIANCE COLLEGE.

William E. Greenleaf, of Hinesburg,
has been elected professor of biology
in Defiance College at Defiance,
Ohio. Mr. Greenleaf is a graduate
of Middlebury College in the class of
1913 and has recently received the
degree of Master of Arts from Yale
University, where he has been an in-
structor for the past two years.

SWIFTS BUY SCRANTON HOME.

Famous Scranton Estate on Lake Champlain Passes to Middle- bury Owner.

Mr. and Mrs. Charles May Swift of
Middlebury have acquired the large
house and extensive lands of Mr. Wal-
ter A. Scranton in the town of Ferris-
burg on Lake Champlain, known
as Woodbridge Hall. It is located
north of the mouth of Otter Creek and
south of Long Point and is one of the
most prominent points on the lake. The
site is one of the most beautiful in the
Champlain region, an extensive point
with sheer bluff rocks, beautifully
wooded, and opposite some of the wildest
and most romantic scenery in the
Adirondacks. The grounds include over
250 acres.

The house is large, built of light gray
stone, of beautiful lines and proportion.
There is a dock sufficient to accomodate
large steamers and an observation house
built over the extreme point of the
bluff. There is a story that a sight-seer
passing up the lake noticed this little
structure and inquired, "Say, is that a
porte-cochere or an esprit-de-corps?"
It is understood that Mr. and Mrs.
Swift will further improve the estate.
A golf course will be constructed. Prof.
P. N. Swett is now surveying the
grounds to lay out the course. Mr.
Scranton a year ago sold a portion of
the estate, some sixty acres, to Prof.
Byron S. Hurlbut, Dean of Harvard
College, a native of Shelburne, and this
is not included in the Swift purchase.

Mrs. Swift has recently fitted up the
Seymour-Battell house in this village
and her many friends here are much
pleased that she is bound by an additional
tie to this region. Mr. Swift has sold
his former home in Detroit, one of the
largest in that city, and will make his
future home in Vermont.

The consideration is not stated, but it
is reported that the house and grounds
cost the original owner considerably
more than \$100,000.

MANUAL TRAINING IN THE HIGH SCHOOL.

Middlebury High School is introduc-
ing classes in manual training and shop
work. The Prudential Committee has
engaged as teacher Mr. Gustav F. Vir-
chow, of Waverly, Mass.

Mr. Virchow graduated at the English
High School, Somerville, Mass., and
has had special preparation for Manual
Training amounting to two years regu-
lar and two years of special work and
four years in Mechanical Drawing. He
has had one summer practical work in
carpentry, one year in cabinet making
and two courses of shopwork at Har-
vard College Summer School. He
taught manual training at Rockville,
Conn., one year and was Supervisor of
Manual Arts for four years at Lan-
caster, Mass.

Mr. Virchow was born in Germany
and speaks both English and German.
He came to this country at an early
age. He as well as his father are
American citizens.

RAY FISHER IN NEW POSITION.

Mr. Ray L. Fisher of Middlebury and
the New York American League team
has accepted the position of athletic
director at the University of the South,
Sewanee, Tennessee. This announce-
ment was made from Chattanooga on
Monday. It is supposed that Mr. Fisher
will go to his new position at the close
of the ball season, which has been a
successful one for him. He has won a
large fraction of the games he has
entered and stands near the top of
American League pitchers. His new
position will take him to one of the best
institutions in the South. Sewanee is
an Episcopal college, located in a large
estate of great natural beauty, and con-
ducted somewhat on the plan of the
English universities. It is one of the
literary centers of the South and main-
tains a high standard of classical train-
ing.

WOMAN CHARGED WITH BURGLARY.

Mrs. Charles Superneau of Salisbury
was arrested Monday by Constable
Paul Field on the charge of breaking
into and stealing from the Stevens cot-
tage at Lake Dunmore bedding and
other household goods. She was ar-
raigned before Justice E. L. Kelley
and bound over for appearance at the
December term of Addison County
court. It was claimed the goods were
found in the woman's possession and
identified by the owner. She was un-
able to furnish the required amount of
bail and was taken to the Addison
County jail at Middlebury.

PARENT-TEACHERS' MEETING.

There will be a meeting of the Par-
ent-Teachers Association on Friday,
September 24, at 3 o'clock, in the High
School building. There will be an im-
portant discussion of matters pertaining
to the social life of the school. All
parents are urged to attend.

SCHOOL SUPPLIES

Our showing of school supplies of all
kinds is unusually complete this year.
Everything from a slate pencil or a common
book strap to complete out-fits of text books

We unqualifiedly recommend the Self-
Filling CONKLIN in the line of a fountain
pen. It is not only self-filling and self-
cleaning but it is so utterly simple
in construction that it practically
can't go wrong—that means a
great deal in fountain pens. Our
guarantee is back of it. Try it.
